

Untitled

The Serial Number scheme is an alphanumeric 10 digit code
example QAA0060A05

Digits one through three indicate Model Type (QAA)

Digits four through seven are a four digit serial number (0060)

Digit eight is the month (A) A=Oct B=Nov C=Dec

Digits nine and ten are the year (05)

Note:

The month and year scheme differs for ChyTV products where:

Digits eight and nine are the two digit month (09)

&

Digit 10 is the year (5)

412-820-6033
