"CREATING A SALVO IN MAGNUM"

1) Login to Magnum's webpage and go to CONTROLS \rightarrow SALVOS

IOME	SYSTEM - NAM	NES TALLY -	INTERFACES	REPORTS -	CONTROLS	ADMIN -	PLUGIN	S 👻 🕐 HE	LP -
1+212		Route	s		→ Quick Route	S outes			
		No routes			Salvos	Manager	QX sected	SONY Connected	TR4 Conne

2) Make sure no existing salvo is selected; If it is, then Click on NEW

3) Click on "Refresh table" and all destinations will be populated with their current sources (see pic below)

	_	Physical	Virtual

6) Salvo that you created will now show up in the salvo list (on the right hand side) An "Upload" will be required on MAGNUM to save the salvo permanently

Please note that you will need to do an upload on magnum before you can fire the newly created salvo
