

**Licensing Tally System Console 2**  
**for use with Image Video TSI1000**

Tally System Console 2 is freely available for evaluation but requires a license to send configuration data to a TSI1000s. To obtain a license please contact Image Video or email us at [sales@imagevideo.com](mailto:sales@imagevideo.com), providing the serial number of the TSI1000.

Once a license is obtained:

1. Network a PC running Tally System Console 2 to the TSI1000 to be licensed.
2. Start Tally System Console 2.
3. Click on Help > License Activation.
4. Enter the IP address of the TSI1000.
5. Enter the TSI1000 serial number.
6. Paste in the license key obtained from Image Video.
7. Click OK.
8. A message indicating whether the license was accepted will be displayed momentarily.
9. If the license update was successful Tally System Console 2 can be used to configure the TSI1000.
