A MESSAGE TO OUR CLIENTS

IT IS CRITICAL THAT YOU NOTICE HOW THESE COVERS ARE FOLDED, IE: HOW THEY FIT IN THEIR BAGS..AS YOU TAKE THEM OUT.

IF YOU MAKE A LITTLE EFFORT TO SEE HOW SIMPLY THEY FOLD UP (**IN THIRDS**) AND FIT BACK INSIDE, *THEY WILL LAST A LONG TIME*

ALSO PLEASE DO NOT PUT THEM AWAY WET. THEY WON'T MILDEW BECAUSE OF A SPECIAL COATING ON THE FABRIC, BUT THEY WILL STAY WET AND THE NEXT TIME YOU WANT TO PUT IT ON YOUR CAMERA, IT WILL GET WET FROM THE LEFTOVER MOISTURE.

THESE CAN BE TUMBLE DRIED AT A **LOW HEAT** (THE ONLY PARTS TO WORRY ABOUT ARE: THE CLEAR PLASTIC WINDOWS CAN MELT, AND THE "IRON-ON" SEAM SEALANT CAN SEPARATE FROM THE SEAM). ANY PROBLEMS, CALL ME AND I WILL BE HAPPY TO HELP FIX WHATEVER MAY OCCUR TO YOUR SHOOTERSLICHER RAINCOVER.

AND BY THE WAY, THE *ELEPHANT COVER* HAS THE TAG IN THE FRONT AND THE VENTS GO IN THE BACK WITH THE MONITOR.

Note: There are D-Rings on the S5 sleeves and at each end of the S7 over night cover to hang them to dry!

Item #S5: Studio camera

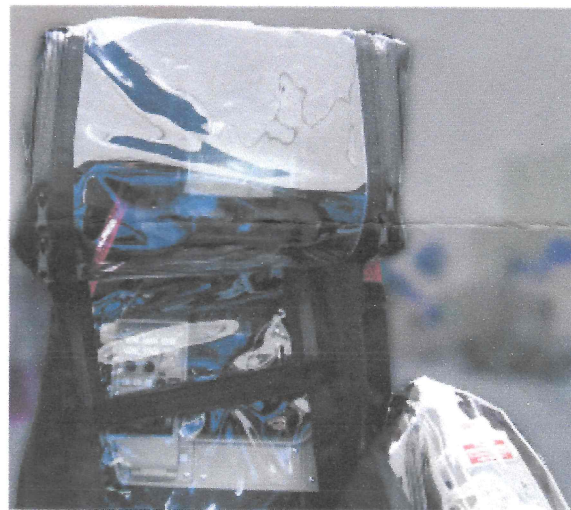

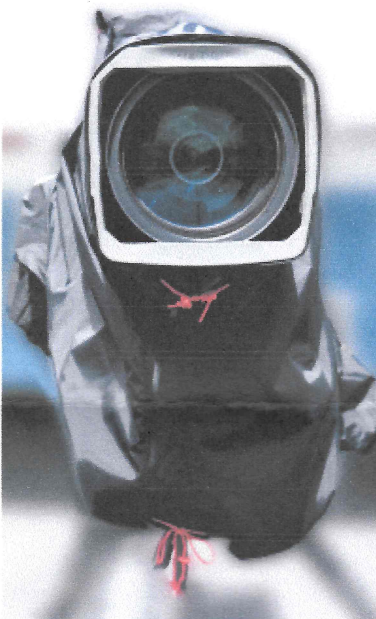

covers are made to fit all box lens configurations and the short length makes it perfect for tight turning ratios on all tripods brands.

All covers feature vents for humidity control and a clear plastic window in the back that pulls down for access and protection of the 7" or 9" Viewfinder and controls.

Covers come with sleeves with a clear window for a view of hand controls.

Ties in the middle and at the bottom of this cover allow you to secure it in a wind and the storage bag is attached at the bottom, so you can't lose it. A heavy zipper allows access to the front and makes it easy to get on and off the camera.

Please Note:
Special D Rings
have been sewn
on the sleeves
of this cover to
allow you to dry
it after use.
Do NOT put
these away
wet!

We offer 5 color choices Grey, Green,
Black, Navy and Slate.

MTO Unlimited Specification Sheet S7 Overnight/Elephant Bag

2633 Lincoln Blvd. #225 Santa Monica, CA 90405 310-821-5659

This cover is 54" wide x 54" long x 11" deep and features two vents on either side of the rear of the cover and a drawstring (or additional grommets if requested) for securing the cover to your tripod or stand.

We make these covers with 140 denier K-Kote Ripstop Fabric. We seal all our seams with a special tape used by many of the outdoor clothing companies to ensure that the covers are waterproof. When you put these covers away, be sure they are dry. Fold into thirds and thirds again, and store in the handy, attached so you cannot loose it, storage bag.
