

Title: e-Route Software Module Compatibility

Product: e-Route Controller

Date: May 10, 2001

ECO No.: CE00102

Issue:

The e-Route Controller utilizes three software modules:

- e-Route Server
- e-Route Java Applet
- e-Route Configuration Tool

These modules have been modified over time resulting in different versions which are not mutually compatible. The purpose of this Technical Bulletin is to document those versions that should be used together.

Solution:

The e-Route software modules should only be used in the following combinations:

Server	Java Applet	Configuration Tool	OS
v1.0	v1.0	v1.0	Windows NT
v1.1	v1.1	v1.1	Windows NT
v1.2	v1.2	v1.2	Windows NT
v1.3	v1.2	v1.2	Windows NT
TBD	TBD	TBD	Linux

Java is a trademark or registered trademark of Sun Microsystems, Inc. in the United States and other countries.

Linux is a trademark of Linus Torvalds in the United States and other countries.

Windows NT is either a registered trademark or trademark of Microsoft Corporation in the United States and/or other countries.
